

Semester goal = How do revolutions begin?

Use a node / series of nodes within the map as a launching point for exploring the implications of the question.

Individual concepts + Well know idea, object, event usually noun or noun cluster

Linking words Makes connections usually verbs

proposition = the act of offering or suggesting something to be considered, accepted, adopted, or done.

= Proposition 1. Understood knowledge

= Proposition 2. ***New knowledge*** The power of the concept map is that it brings new connections into focus within the context of already understood information.

TODO

Idioms, synonyms, analogies
